National Voter Registration Act Training for Public Libraries
A Guide to Voter Registration for Public Libraries

The purpose of this webinar is to provide information to assist libraries in developing and conducting a successful voter registration program.

This includes...

• An overview of the National Voter Registration Act of 1993 ("NVRA")
• Requirements of Registering to Vote
• How to assist the voter
• Handling of Voter Registration Forms
• Important Deadlines & Resources
Congress enacted the National Voter Registration Act of 1993 to create a variety of mechanisms to make it easier for citizens to register to vote.
There were four main purposes:

- Establish procedures that increase the number of citizens who register to vote.
- Encourage governments to enhance participation in voting.
- Protect the integrity of the electoral process.
- Ensure accurate and current registration rolls.
What does the NVRA require?

1. The NVRA’s so-called “motor voter” provision requires States to allow qualified citizens to register to vote at the same time that they apply for a driver’s license or state ID.

2. The NVRA mandates that States accept the Federal Registration Mail Form and allows each state to develop its own form for registration purposes.

3. The NVRA requires States to designate agencies within each state as voter registration agencies, this includes designated agencies and other agencies.
What types of agencies are mandatory NVRA designated agencies?

• All offices and agencies in a State that provide public assistance and all offices and agencies in a State that provide State-funded programs primarily engaged in providing services to persons with disabilities.
What is an example of a designated NVRA agency?

• Any office at a state-funded university or college that provides services to students with disabilities.

• The Department of Job & Family Services, Department of Health, Department of Mental Health, Department of Developmental Disabilities.

• Opportunities for Ohioans with Disabilities, WIC.
Other Agencies Required by the State to Offer Voter Registration Services

Other Agencies include:

- PUBLIC LIBRARIES
- Public Schools
- Public Vocational Schools
- County Treasurer’s offices

These locations must:

- Distribute mail-in paper voter registration applications.
- Assist applicants in filing out the forms, if requested.
- Accept completed forms for transmittal to the board of elections.
Public high schools, vocational schools, public libraries and county treasurers’ offices

- These agencies must offer clients the opportunity to register to vote.
- The employee must provide a blank voter registration form to the person.
- Provide the same degree of assistance with regard to the completion of the registration application form as is provided by the office with regard to the completion of its own forms.
- Inform the applicant that the applicant may either return the form to the employee for transmittal to the county board of elections OR
- The applicant can return it in person, via another person, or by mail to the office of a county board of elections, the Secretary of State, a county treasurer, a designated agency, or any public library, public high school or vocational school.

Library Responsibilities

- Directors or a designated employee act as the agency NVRA Coordinator who:
  - Serves as a liaison between the Library and the county Board of Elections (“BOE”).
  - Transmits completed Voter Registrations to the BOE weekly.
  - Completes transmittal form.
  - Addresses complaints.
  - Orders voter registration supplies.
  - Ensures that clients are getting an opportunity to register to vote or update their current registration.

Employee Training

Support of the NVRA Coordinator is crucial for employee commitment to proper voter registration.

Training must include:

• Overview of program goals/benefits.
• Discussion of roles/responsibilities.
• Voter Registration information so that they can answer customer questions or where to direct clients for more information.
• Discussion of non-partisanship and how to handle party affiliation questions.
• Training so that they can assist the customer in completing the Voter Registration form.
Libraries must date stamp or hand write the date of receipt on all voter registration forms.

Display the required poster available by mail or online at https://www.ohiosos.gov/elections/elections-officials/elections-officials-resources/#nvra.

Who should register?

• Anyone eligible to vote and not registered.
• Anyone who has changed their name or address since last registering.
• Registration ends 30 days before the election in which the individual intends to vote.

The deadline for receipt of voter registrations by the Board of Elections or a designated agency for the 2020 November general election is **October 5, 2020**
Who is Eligible to Vote?

- A Citizen of the United states.
- Will be an Ohio resident for 30 days immediately before the election in which they wish to vote.
- Will be at least 18 years old on or before the next general election.
- Is not incarcerated (in prison or jail) for a felony conviction under the laws of this state, another state, or the United States.
- Has not been declared incompetent for voting purposes by a probate judge.
- Has not been permanently disenfranchised for violations of Ohio’s election laws.

Miscellaneous Information

- Homeless citizens may register by describing their shelter or living space.

Completing the voter registration application

Any employee of a designated agency, public high school or vocational school, public library, or a county treasurer’s office must be prepared to answer questions the applicant may have about the instructions printed on the voter registration form if assistance is requested.

The following instructions will help the employee answer questions and assist the applicant in filling out the voter registration form.

If the Client Wants to Register, the Staff Should Offer Help

“If you would like help in filling out the voter registration form, we will help you. The decision whether to seek or accept help is yours. You may fill out the form in private. Would you like assistance?”
What happens if the voter moves and doesn’t send in a change of address?

• Change of address applications are just as important for successful voting as are new registrations.
• The voter may not receive a notice of election, the location of their new polling place, or information on how to file an absentee ballot. If they have child-care or job obligations, they may not be able to vote in person.
• The voter may go to the “wrong” polling place and vote provisionally, and their vote may not be eligible for counting.
• Even if the poll worker tells them the correct polling place, they may no longer have time to get to a new location and vote.

Electors may now register or change their address online at VoteOhio.gov
While registering voters staff must not:

• Seek to influence an individual’s decision to register to vote or not.

• Display or demonstrate any political preference.

• Display or demonstrate any party allegiance.

• Do anything to lead an individual to believe that registering (or not registering) to vote has a bearing on availability of services or benefits to the individual.
Registration Tips for assisting applicants

• Use a BLACK pen. Print all information, except signature.
• Check for legibility.
• Remind client: Signature must **not** cross borders of box on Line 14.
• Check birth date. Current date is sometimes given.
• Drivers License number should have 2 letters plus 6 numbers.
• Request client’s telephone number for potential notification of problems.
• Ask if applicant has moved or has a name change.
