National Voter Registration Act

Congress enacted the National Voter Registration Act of 1993 to create a variety of mechanisms to make it easier for citizens to register to vote.

Frank LaRose
Ohio Secretary of State

National Voter Registration Act

There were four main purposes:

- Establish procedures that increase the number of citizens who register to vote.
- Encourage governments to enhance participation in voting.
- Protect the integrity of the electoral process.
- Ensure accurate and current registration rolls.

Frank LaRose
Ohio Secretary of State

What does the NVRA require?

1. The NVRA's so-called "motor voter" provision requires States to allow qualified citizens to register to vote at the same time that they apply for a driver's license or state ID.
2. The NVRA mandates that States accept the Federal Registration Mail Form and allows each state to develop its own form for registration purposes.
3. The NVRA requires States to designate agencies within each state as voter registration agencies, this includes designated agencies and other agencies.

Frank LaRose
Ohio Secretary of State

Designated Agencies

What types of agencies are mandatory NVRA designated agencies?

- All offices and agencies in a State that provide public assistance and all offices and agencies in a State that provide State-funded programs primarily engaged in providing services to persons with disabilities.

Frank LaRose
Ohio Secretary of State

National Voter Registration Act

What is an example of a designated NVRA agency?

- Any office at a state-funded university or college that provides services to students with disabilities.
- The Department of Job & Family Services, Department of Health, Department of Mental Health, Department of Developmental Disabilities.
- Opportunities for Ohioans with Disabilities, WIC.

Other Agencies Required by the State to Offer Voter Registration Services

Other Agencies include :

- **PUBLIC LIBRARIES**
- Public Schools
- Public Vocational Schools
- County Treasurer's offices

These locations must :

- Distribute mail-in paper voter registration applications.
- Assist applicants in filing out the forms, if requested.
- Accept completed forms for transmittal to the board of elections.

Frank LaRose
Ohio Secretary of State

Public high schools, vocational schools, public libraries and county treasurers' offices

- These agencies must offer clients the opportunity to register to vote.
- The employee must provide a blank voter registration form to the person.
- Provide the same degree of assistance with regard to the completion of the registration application form as is provided by the office with regard to the completion of its own forms.
- Inform the applicant that the applicant may either return the form to the employee for transmittal to the county board of elections OR
- The applicant can return it in person, via another person, or by mail to the office of a county board of elections, the Secretary of State, a county treasurer, a designated agency, or any public library, public high school or vocational school.

Completing the voter registration application

Any employee of a designated agency, public high school or vocational school, **public library**, or a county treasurer's office must be prepared to answer questions the applicant may have about the instructions printed on the voter registration form if assistance is requested.

The following instructions will help the employee answer questions and assist the applicant in filling out the voter registration form.

Frank LaRose
Ohio Secretary of State

If the Client Wants to Register, the Staff Should Offer Help

“If you would like help in filling out the voter registration form, we will help you. The decision whether to seek or accept help is yours. You may fill out the form in private. Would you like assistance?”

Frank LaRose
Ohio Secretary of State

What happens if the voter moves and doesn't send in a change of address?

- Change of address applications are just as important for successful voting as are new registrations.
- The voter may not receive a notice of election, the location of their new polling place, or information on how to file an absentee ballot. If they have child-care or job obligations, they may not be able to vote in person.
- The voter may go to the “wrong” polling place and vote provisionally, and their vote may not be eligible for counting.
- Even if the poll worker tells them the correct polling place, they may no longer have time to get to a new location and vote.

Electors may now register or change their address online at VoteOhio.gov

Frank LaRose
Ohio Secretary of State

While registering voters staff must not:

- Seek to influence an individual's decision to register to vote or not.
- Display or demonstrate any political preference.
- Display or demonstrate any party allegiance.
- Do anything to lead an individual to believe that registering (or not registering) to vote has a bearing on availability of services or benefits to the individual.

Frank LaRose
Ohio Secretary of State

Registration Tips for assisting applicants

- Use a BLACK pen. Print all information, except signature.
- Check for legibility.
- Remind client: Signature must not cross borders of box on Line 14.
- Check birth date. Current date is sometimes given.
- Drivers License number should have 2 letters plus 6 numbers.
- Request client's telephone number for potential notification of problems.
- Ask if applicant has moved or has a name change.

You are qualified to register to vote in Ohio if you meet all the following requirements:

1. You are a citizen of the United States.
2. You will be at least 18 years old on or before the day of the general election.
3. You will be a resident of Ohio for at least 30 days immediately before the election in which you want to vote.
4. You are not incarcerated (in jail or in prison) for a felony conviction.
5. You have not been declared incompetent for voting purposes by a probate court.
6. You have not been permanently disenfranchised for violations of election laws.

Use this form to register to vote or to update your current Ohio registration if you have changed your address or name.

NOTICE: This form must be received or postmarked by the 30th day before an election at which you intend to vote. You will be notified by your county board of elections of the location where you vote. If you do not receive a notice following timely submission of this form, please contact your county board of elections.

Numbers 1 and 2 below are required by law. You must answer both of the questions for your registration to be processed.

Registering in Person

If you have a current valid Ohio driver's license, you must provide that number on line 10. If you do not have an Ohio driver's license, you must provide the last four digits of your Social Security number on line 10. If you have neither, please write "None."

Please see information on back of this form to learn how to obtain an absentee ballot.

Registering by Mail

If you register by mail and do not provide either an Ohio driver's license number or the last four digits of your Social Security number, you must enclose with your application a copy of one of the following forms of identification:

Current and valid photo identification, a military identification, or a current (within the last 12 months) utility bill, bank statement, government check, paycheck, or government document (other than a notice of voter registration mailed by a board of elections) that shows the voter's name and current address.

Residency Requirements

Your voting residence is the location that you consider to be a permanent, not a temporary, residence. Your voting residence is the place in which your habitation is fixed and to which, whenever you are absent, you intend to return. If you do not have a fixed place of habitation, but you are a consistent or regular inhabitant of a shelter or other location to which you intend to return, you may use that shelter or other location as your residence for purposes of registering to vote. If you have questions about your specific residency circumstances, you may contact your local board of elections for further information.

Your Signature

In the area below the arrow in Box 14, please write your cursive, hand-written signature or make your legal mark, taking care that it does not touch the surrounding lines so when it is digitally imaged by your county board of elections it can effectively be used to identify your signature.
