

State Chemical Solutions has been committed to enhancing building environments and improving equipment productivity for 100 years. Our experience and expertise will enable us to implement world-class, sustainable green cleaning programs for the Ohio Library Council. In addition to providing a cleaner, safer environment, you will enjoy significant cost savings by using our ultra concentrated products dispensed through our State of the Art One Solution System.

State Chemical Solution is an Ohio based company. Our Corporate Headquarters have been located in Cleveland, Ohio for 100 years and our main Manufacturing and Distribution Plant is located in Hebron, Ohio.

## Program goals of State Chemical Solutions' green products and systems to the Ohio Library Council:

### Clean with Green

- **Sustainable:** implement a program that is environmentally conscious for entire life cycle: manufacturing, delivery, use, and disposal.
- **Safe:** promote a healthy, safe, and effective environment for the staff and visitors of the library.
- **Effective:** promote a program and product that works as effectively, if not better, than your current program and products.

### Controlled Usage

- **One Solution™ Dilution System:** implement a program utilizing dilution equipment for core cleaning products.
- **Customized Consistency:** implement a program that creates consistency for your libraries regarding equipment and products, but customize each closet to meet individual needs.
- **Safe, Controlled, and Cost Effective**

### Cost Effective

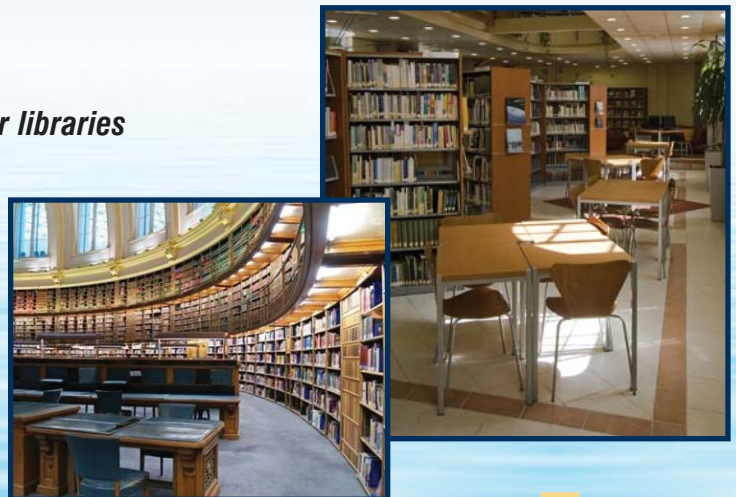

- **Identify Cost Savings Potential at each of your libraries**
- **Vendor Consolidation**
- **Product Consolidation**

### Support

- **Service**
- **Training (initial and ongoing)**
- **Simple and Effective Program Transition**

## How do we get started?

Contact Rob Kubiak at 216-931-7528 or email at [rkubiak@stateindustrial.com](mailto:rkubiak@stateindustrial.com) to schedule a complete facility survey at no cost to you. Your State Chemical service professional will develop a program specific to you, utilizing safe and cost effective products and programs that will promote a cleaner, healthier and safer library for your customers and workers.

Promoting our libraries. Inventing our future.

# Ecolution™

CLEAN WITH GREEN

## Certified Green Products

- Closed-loop dispensing systems
- Ready-to-use products at bulk price
- Controlled dilution guarantees consistent results and savings
- Reduces potential health, safety, and pollution risks when cleaning your facility

## Air Care

- Effective odor elimination and air enhancement
- Patented SE-500™ odor neutralizer eliminates malodors at the source
- Take advantage of automatic fragrance dispensing with the Fragrance Factory® dispensing unit and gel-filled fragrance paks

## Drain and Sewer Maintenance

- Non-stop protection of drains, grease traps and waste water collection systems
- Automated dispenser eliminates build-ups and prevents back-ups
- Includes Ecolution™ Grease Trap Maintainer, a biological grease trap maintainer that has earned DfE recognition from the EPA
- Includes Ecolution™ Lift Station Maintainer for bio-treatment of organic waste found in waste water collection systems

## Hand Care

- Attractive, ADA compliant Soap Factory® II soap dispenser
- Choose from our liquid soaps, body wash, self-lathering direct foam soaps, sanitizers and Ecolution™ environmentally-preferred soaps
- Powerful industrial grit soaps including a green certified version

## Water Treatment

- Decrease energy and water use
- Increase boiler and cooling equipment life
- Concentrated products reduce waste

## Utility Products

- Use State's wide range of utility products to improve your operation and increase occupant satisfaction
- Look to State for all your floor care, lubrication, industrial cleaners, disinfectants, grounds care and specialty needs
