

Dinosaur Kit

We are excited to partner with you through the Ohio Library Council to provide free COSI Dinosaur Learning Lunchboxes. We hope that these Learning Lunchboxes will amplify student learning and engagement!

What's Inside:

Watch this video to see an overview of the materials and activities found inside of the Dinosaur box.

<https://cosi.org/connects/kits/dinosaur-kit.php>

Activities and Learning Standards:

Here you will find activity descriptions and learning standards that apply to each of the 5 activities found inside each kit.

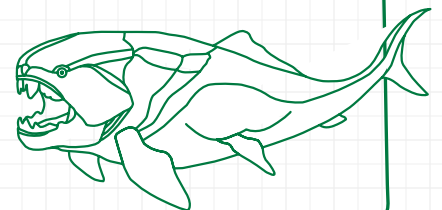

<https://cosi.org/connects/kits/dinosaur-kit-resources.php>

Inside your box is a card all about Ohio's fossil fish, "**The Dunk**" (*Dunkleosteus terrilli*).

Click this QR code to learn more.

As part of this STEM Kit rollout, we are currently distributing STEM kits to each library district. Your input through one of these surveys is extremely helpful to inform future science kit creation. This will enable us to get STEM content into classrooms to amplify student engagement. Thank you in advance!

If you have any questions, please **email us at cosieducation@cosi.org**.

We appreciate all that you do to support Ohio's learners. We are all in this together!
