The Main Library will host a traveling exhibition designed to teach kids and their families about money, thanks to a competitive national grant from the American Library Association (ALA) and the FINRA Investor Education Foundation. Thinking Money for Kids is a new multimedia experience for children ages 7 to 11, as well as their parents, caregivers, and educators. The interactive exhibit uses games, activities, and a fun storyline to help children understand what money is, its function in society, money choices, and money values, such as fairness, responsibility, and charitableness.

All programs will be at the Main Library, 43 W. 3rd St., Mansfield, Ohio.

The Big Board Game
Children grades 2-5
Join staff from Directions Credit Union to play their Big Board game for kids which is designed to teach lessons about important money matters, including earning, spending, giving, saving, and debt. Get a job, earn some money, roll the dice, and see where the game takes you.

Money Matters!
