INTRODUCTION
The Office of the Ohio Secretary of State has prepared this manual to assist you in the implementation of voter registration programs under the National Voter Registration Act of 1993 (NVRA) and Ohio law. The manual will aid personnel who assist applicants in completing voter registration forms. It also will (1) answer questions related to voter registration and (2) outline the duties of personnel in agencies, offices, schools, and libraries designated to provide voter registration in fulfilling their duties under the NVRA.

If you have a question that is not answered in this manual, contact the board of elections in your county (please refer to the Ohio County Boards of Elections Directory located here: VoteOhio.gov/boards), or the Office of the Secretary of State at the address or phone number listed below:

NATIONAL VOTER REGISTRATION ACT OF 1993
The National Voter Registration Act of 1993 (NVRA), Pub. L. 103-31, May 20, 1993, 107 Stat. 77, 52 U.S.C.A. §20501 — commonly referred to as the “motor voter law”— became effective on January 1, 1995. One purpose of this Act was to establish procedures to increase the number of eligible citizens who register to vote by mandating that voter registration opportunities be provided at certain designated agencies and other public sites designated by the Secretary of State.

Following NVRA’s passage, the Ohio General Assembly incorporated the requirements of the federal law into Ohio law. Ohio’s laws governing voter registration have been amended occasionally since then. Currently, state law requires the following offices and other public entities to provide, in each of its offices or locations, voter registration
applications and assistance in the registration of qualified persons, in accordance with R.C. Chapter 3503:

- All Bureau of Motor Vehicle locations, in accordance with R.C. 3503.11.
- All designated agencies, in accordance with R.C. 3503.10. “Designated agency” is defined in R.C. 3501.01(X) as follows:
  - [1] an office or agency in the state that provides public assistance or that provides state-funded programs primarily engaged in providing services to persons with disabilities and that is required by [NVRA] to implement a program designed and administered by the Secretary of State for registering voters, or
  - [2] any other public or government office or agency that implements a program designed and administered by the Secretary of State for registering voters, including the department of job and family services, the program administered under section 3701.132 of the Revised Code by the department of health, the department of mental health, the department of developmental disabilities, the opportunities for Ohioans with disabilities agency, and any other agency the Secretary of State designates.”
  - Included in this definition of “designated agency” is each office of a state assisted college or university that provides assistance to disabled students; the Women, Infants, and Children (WIC) program of the Ohio Department of Health; the Ohio Department of Mental Health; the Ohio Department of Developmental Disabilities; Opportunities for Ohioans With Disabilities; and the Ohio Department of Job & Family Services, including county offices.

- All public libraries, county treasurer’s offices, and public high schools and vocational schools in accordance with R.C. 3503.10.
- All locations of the Bureau of Motor Vehicles, in accordance with R.C. 3503.11.

Voter registration services also are available to qualified individuals using the services of a United States Armed Forces recruitment office.
AGENCY COORDINATOR

Appointment
Each designated agency, public library, county treasurer’s office, public high school and vocational school must designate one person within that agency to serve as the agency coordinator for the voter registration program within the agency and its departments, divisions, and programs. The designated person shall be trained under a program designed by the Secretary of State. The designated person shall receive no additional compensation for performing such duties. (R.C. 3503.10(A))

Responsibilities
R.C. 3503.10(A) states that each agency coordinator “shall be responsible for administering all aspects of the voter registration program for that agency as prescribed by the Secretary of State.” This includes the following duties:

- **Developing a voter registration plan.** Each agency coordinator is responsible for preparing the written plan by which the designated agency will implement its voter registration program and for the filing of the plan with the Secretary of State.
  
  **Note:** If an agency changes its plan, the agency coordinator must file an amendment to the plan with the Secretary of State.

- **Serving as liaison.** The agency coordinator shall serve as the liaison between the designated agency’s sites, the Secretary of State, and the county board of elections in the county where the designated agency is located. It is a decision of the particular designated agency whether to designate one coordinator for each separate agency site or a single coordinator for all of the agency’s sites.

- **Designating agency sites.** If the agency maintains multiple sites, the agency coordinator must compile and maintain a list of agency sites and employees providing voter registration opportunities. A list of sites, phone numbers, and the name of the site coordinator of each site, as may be applicable, is to be submitted to the board of elections in the county where each designated agency is located and to the Secretary of State.

- **Training.** In cooperation with the Office of the Secretary of State, the agency coordinator must develop a training program and provide training materials
for their site coordinators and/or their employees who participate in the program.

- **Reporting.** Unless this duty is delegated to the site coordinator, the agency coordinator is responsible for reporting in writing to the board of elections the total number of voter registration forms transmitted from the agency. This reporting requirement is satisfied by completing the transmittal form enclosed with these materials and submitting that form along with completed voter registration forms to the board of elections in the county where the designated agency site is located. Each agency is required to submit the voter registration forms with the properly completed transmittal form to the board of elections within five days after receipt of VR form.

- **Ordering supplies.** The agency coordinator is responsible for ensuring that the agency has a sufficient supply of voter registration forms, transmittal forms, posters, voter information brochures, and other necessary materials.

**SITE COORDINATOR**

**Appointment**

If an agency does not designate one agency coordinator for all its sites, then each site must have a Site Coordinator who is responsible for the daily administration of the voter registration program at that site. “Sites” are defined as the offices or locations within each designated agency that participate in the voter registration program.

**Responsibilities**

Site coordinators are responsible for the following:

- **Site employee training.** Each employee at the site must receive training on the operations of the voter registration program. It is the site coordinator’s responsibility to provide training to current employees and to train new employees upon arrival. It is the site coordinator’s responsibility to ensure that all employees at the agency comply with the requirements of the program.

- **Ordering supplies and displaying promotional materials.** Site coordinators are responsible for ensuring that:
o The agency has an adequate supply of materials necessary to conduct the voter registration services program.

o All promotional materials designated by the Secretary of State to be used in the program are prominently displayed at the site.

• Reporting. If delegated by the agency coordinator, each site coordinator is responsible for reporting in writing to the board of elections the total number of voter registration forms transmitted from the agency. This reporting requirement is satisfied by completing the transmittal form enclosed with these materials and submitting that form along with completed voter registration forms to the board of elections in the county where the designated agency site is located. Each agency site is required to submit the voter registration forms with the properly completed transmittal form to the board of elections within five days.

VOTER REGISTRATION CHECKLIST

A successful voter registration services program depends on creating and implementing a simple internal system that will run smoothly with little maintenance. The following checklist will help agency and site coordinators to determine if they have established a simple and effective program.

Checklist for Agency and Site Coordinators

• Become familiar with all aspects of the voter registration program and how the program works at the designated agency and/or site.

• Make arrangements for initial and on-going training of personnel.

• Establish a system for program monitoring and transmitting the completed forms to the board of elections.

  Note: This is best accomplished by creating a written plan.

• Gather an adequate supply of all materials needed to operate the voter registration program.

  Note: This includes voter registration forms and informational materials that may be provided to clients, as well as posters and training materials for staff.
Supplies for Each Participating Site
To implement and operate a designated agency voter registration program, each site shall have the following supplies:

- **Voter registration forms.** The Secretary of State has prescribed the voter registration form mandated by R.C. 3503.14. The form does not identify the designated agency which issued the form. No amendments or modifications can be made to this form. A sample of this form is included with this manual. (Exhibit A)

- **Notice of rights/declination form.** Each designated agency that provides public assistance or services to persons with disabilities must provide a “notice of rights” form to each registrant. A sample of this form is included with this manual. This form may be copied by the agency. (Exhibit B)

- **Transmittal form.** The transmittal form enclosed with this manual should be used by each designated agency when sending voter registration forms to a board of elections. The designated agency may reproduce the transmittal form, or the agency may design a form that captures the same information for agency reporting. However, each designated agency must use a transmittal form. (Exhibit C)

- **Voter registration notification poster.** Each designated agency or public high/vocational school, library, or county treasurer’s office, site shall receive one voter registration notice prescribed and produced by the Secretary of State pursuant to R.C. 3503.10(I). The poster identifies the person designated to assist with voter registration, the nature of that person’s duties, and where and when that person is available for assisting in the registration of voters. The notice must be displayed in a prominent location in the office of each designated agency or entity. (Exhibit E)

- **Voter Registration Instructions brochure.** This brochure is to be given to any person who requests three (3) or more voter registration forms from the agency. (Exhibit F)
Procedures for ordering supplies

- **Each designated agency** that is required to provide voter registration opportunities as part of its agency program has been supplied with an electronic file containing the template for the voter registration form prescribed by the Secretary of State and the Voter Registration Instructions brochure, also prescribed by the Secretary of State. Each agency is responsible for printing voter registration forms as needed for agency use. Each agency and/or agency site is required to maintain a sufficient supply of voter registration materials.

- Each state agency that provides public assistance and services to persons with disabilities (designated agency) will need to determine the number of clients it serves both agency-wide and per site.
  
  o The agency coordinator will determine the number of voter registration forms and the sites where the supplies are to be sent. Therefore, it is critical for the agency coordinator to remain in constant communication with the site coordinator to assure an adequate supply of forms is maintained at all times.

  o The agency coordinator is responsible for allocating supplies, but the site coordinator must be aware of the level of supplies at the site office and contact the agency coordinator promptly when in need of additional supplies.

- **Public schools, libraries and county treasurers’ offices** should contact the board of elections in their county to obtain a supply of voter registration forms.

*Note:* A sufficient supply of forms is particularly critical during pre-election periods. Timely ordering of supplies will ensure that the year-round voter registration program will run smoothly.

**EMPLOYEE TRAINING**

Any person employed by a designated agency, public high school or vocational school, public library, or office of a county treasurer may be designated to assist with voter registration. The designated agency or other public office shall provide the designated
person and make available such space as may be necessary without charge to the county or state. (R.C. 3503.10(H).

For an agency-based voter registration program to be successful, all employees participating in the program must be adequately trained to provide, and assist clients with completing, voter registration forms. Training gives employees the skills and information needed to provide this assistance. Additionally, arrangements to train new employees and to educate current employees to new or updated program information should be included in the agency’s program.

Training shall include all of the following:

- An overview of the program and explanation of the program’s goals and benefits.
- A discussion of the roles and responsibilities of employees.
- A review of all materials used in the program.
- An education on voter registration rules and regulations, including deadlines.
- A step-by-step guide to completing the voter registration form.
- A discussion of non-partisanship and how to handle questions regarding enrollment or affiliation with a political party. Employees being trained to provide voter registration services must be instructed that they are required to maintain political neutrality and to refrain from demonstrating political preference or party allegiance.
- Instructions that a client’s decision about registering to vote shall not affect the amount of assistance, or the extent of the service, that the client will be provided by the agency.
- Instructions for program maintenance (e.g., ordering or printing supplies, program monitoring and reporting).
VOTER REGISTRATION PROCEDURES – INSTRUCTIONS FOR EMPLOYEES

Designated Agencies

**Step one:**
The agency employee:

- Provides a blank voter registration application (Exhibit A) and a notice of rights/declination form (Exhibit B) to the client with each application for service or assistance, and with each application or form for recertification, renewal, or change of address.

- States to the client: “In addition to other materials, we are providing you with a voter registration application. If you are not already registered to vote, or if you are registered and want to update your registration, you may do so here.”

**Step two:**
If the client desires to register to vote or to update their current registration, the employee:

- Advises the client “If you need help in filling out the form, I can assist you.”

- Informs the client that the client may either return the form to the employee for transmittal to the county board of elections, or return it in person, via another person, or by mail to the office of a county board of elections, the Secretary of State, a county treasurer, a designated agency, or any public library, public high school or vocational school.

**Public high schools, vocational schools, public libraries and county treasurers’ offices must:**

- Offer eligible individuals the opportunity to register to vote.

- Upon request, provide a blank voter registration form to the person.

- Inform the individual that they may either (1) return their voter registration application to the employee for transmittal to the county board of elections, or (2) return their voter registration application in person, via another person, or by mail to the office of a county board of elections, the Secretary of State, a county treasurer, a designated agency, or any public library, public high school, or vocational school.
Completing the Voter Registration Application
An employee responsible for providing voter registration services must answer questions the applicant has about the instructions printed on the voter registration form.

The following instructions will help the employee to answer questions and assist the applicant in filling out the voter registration form:

**Box 1 and 2: “Citizenship and Age”**
Must be answered. If the applicant answers “No” to either question, the applicant is not eligible to register to vote and may not complete the form.

**Box 3: “Last Name, First Name, Middle Name or Initial, Jr., II, etc.”**
Applicant must enter their full name. If this is a change of name, the applicant’s new name must be entered in this space.

**Box 4: “House Number and Street”**

A post office box or postal service address cannot be used in place of a residence street address.

**Box 5: “City or Post Office”**
Applicant must enter their city, village or post office station.

**Box 6: “ZIP Code”**
Applicant must enter ZIP code for their residence address.

**Box 7: “Additional Mailing Address”**

**Box 8: “County Where You Live”**
Applicant enters county of their residence.

**Box 9: “Birth Date”**
Applicant must enter their date of birth. Please be sure that the applicant does not write today’s date on this line.
**Box 10: “Ohio Driver’s License Number, stated card number, OR Last Four Digits of Social Security Number”**

If the applicant has a current Ohio’s driver’s license or state ID card, that number must be entered in Box 10. If the applicant does not have an Ohio driver’s license or state ID card, the last four digits of the applicant’s Social Security Number must be entered. If the applicant does not have either an Ohio’s driver’s license number, state ID card number, or Social Security Number, the applicant must enter “None” in Box 10.

**Box 11: “Phone Number”**

Applicant enters telephone number. This is voluntary information, but it is helpful to the county board of elections if it needs to contact the applicant concerning their registration.

**Box 12: “Previous Address if Updating Current Registration”**

If this is a change of address update, applicant must fill in their previous voter registration address.

**Box 13: “Change of Name Only”**

If updating current registration record to reflect a name change, applicant must provide both their previous name and previous signature.

**Box 14: “Signature”**

Registration cannot be processed without the applicant’s signature. The applicant must affix their signature or mark, taking care that it does not touch surrounding lines of type. If the applicant’s signature is a mark, the person assisting the applicant completing the registration form must also include their name and address.

**Attorney in fact:** If, by reason of disability, an applicant or elector is unable to physically affix their signature or mark to the voter registration/change of name/change of address form, the person whom the applicant or elector has appointed their attorney in fact under R.C. 3501.382 may sign that form on behalf of the applicant, at the direction and in the presence, of the applicant or elector. See Forms 10-F and 10-G.

**PROCESSING COMPLETED VOTER REGISTRATION FORMS**

An employee who receives a voter registration form will place it with all other voter registration forms to be transmitted to the board of elections.

Not for use by Bureau of Motor Vehicles or Job & Family Services agencies, which have specific NVRA instruction manuals.
Note: The applicant may choose not to return their completed application to the employee for transmittal to the county board of elections, but may, pursuant to R.C. 3503.19(B)(2)(a), deliver or mail the completed voter registration form to the office of any designated agency, public high school or vocational school, public library or county treasurer’s office, county board of elections, or the Secretary of State.

The employee who receives a voter registration application should do all of the following with it:

1. Date stamp each voter registration form (Exhibit A) in a manner that does not identify the agency or office. Affix the date in a blank space on the form so that the date stamp does not interfere with reading the information on the form or scanning the signature. If no date stamp is available, the date may be written on the form.

2. Not later than five days after the date stamped on the form(s), batch together the voter registration forms with a properly completed voter registration transmittal form (Exhibit C):
   - Insert the total number of voter registration forms received at the agency or office on the appropriate line of the transmittal form.
   - Fill out the remaining information on the transmittal form (e.g., agency/office name, address, date, name of person completing the form, and phone number).

3. Deliver in person or mail the packet containing the transmittal form and the filled out voter registration forms to the board of elections in the county where the agency/office is located. The forms must be transmitted to the board within five days of the agency/office receiving the registration form. The method of transmittal must be mutually agreed upon by the agency/office and the board of elections.

   Note: Establishing a regular routine of delivering or mailing the forms to the board of elections on a given day of a week helps to provide consistency of delivery to meet the five-day submission requirement.

If an employee who has voter registration responsibilities has a question as to whether a voter registration form is completed properly, the employee must submit the voter registration form to the board of elections.
registration form to the board of elections, as in the case of any completed voter registration form. The board of elections will determine the validity of the application and, if necessary, contact the person named on the registration form for any additional information. The employee must not destroy any voter registration form entrusted to the employee.
